PATENT ACKNOWLEDGMENT

This acknowledgment is made by me to The Regents of the University of California, a corporation, hereinafter called "University," in part consideration of my employment, and of wages and/or salary to be paid to me during any period of my employment, by University, and/or my utilization of University research facilities and/or my receipt of gift, grant, or contract research funds through the University.

By execution of this acknowledgment, I understand that I am not waiving any rights to a percentage of royalty payments received by University, as set forth in the University of California Patent Policy, hereinafter called "Policy."

I also understand and acknowledge that the University has the right to change the Policy from time to time, including the percentage of net royalties paid to inventors, and that the policy in effect at the time an invention is disclosed shall govern the University's disposition of royalties, if any, from that invention. Further, I acknowledge that the percentage of net royalties paid to inventors is derived only from consideration in the form of money or equity received under: 1) a license or bailment agreement for licensed rights, or 2) an option or letter agreement leading to a license or bailment agreement. I also acknowledge that the percentage of net royalties paid to inventors is not derived from research funds or from any other consideration of any kind received by the University. The Policy on Accepting Equity When Licensing University Technology governs the treatment of equity received in consideration for a license.

I acknowledge my obligation to assign, and do hereby assign, inventions and patents that I conceive or develop 1) within the course and scope ofmy University employment while employed by University, 2) during the course of my utilization of any University research facilities, or 3) through any connection with my use of gift, grant, or contract research funds received through the University. I further acknowledge my obligation to promptly report and fully disclose the conception and/or reduction to practice of potentially patentable inventions to the University authorized licensing office. Such inventions shall be examined by the University to determine rights and equities therein in accordance with the Policy. I shall promptly furnish University with complete information with respect to each.

In the event any such invention shall be deemed by University to be patentable or protectable by an analogous property right, and University desires, pursuant to determination by University as to its rights and equities therein, to seek patent or analogous protection thereon, I shall execute any documents and do all things necessary, at University's expense, to assign to University all rights, title, and interest therein and to assist University in securing patent or analogous protection thereon. The scope of this provision is limited by Calif. Labor Code Sec. 2870, to which notice is given below. In the event I protest the University's determination regarding any rights or interest in an invention, I acknowledge my obligation: (a) to proceed with any University requested assignment or assistance; (b) to give University notice of that protest no later than the execution date of any of the above-described documents or assignment; and (c) to reimburse University for all expenses and costs it encounters in its patent application attempts, if any such protest is subsequently sustained or agreed to.

I acknowledge that I am bound to do all things necessary to enable University to perform its obligations to grantors of funds for research or contracting agencies as said obligations have been undertaken by University.

University may relinquish to me all or a part of its right to any such invention, if, in its judgment, the criteria set forth in the Policy have been met.

I acknowledge that I am bound during any periods of employment by University or for any period during which I conceive or develop any invention during the course of my utilization of any University research facilities, or any gift, grant, or contract research funds received through the University.

In signing this acknowledgment, I understand that the law, of which notification is given below, applies to me, and that I am still required to disclose all my inventions to the University.

NOTICE: This acknowledgment does not apply to an invention which qualifies under the provision of Calif. Labor Code Sec.2870 which provides that (a) Any provision in an employment agreement which provides that an employee shall assign, or offer to assign, any of his or her rights in an invention to his or her employer shall not apply to an invention that the employee developed entirely on his or her own time without using the employer's equipment, supplies, facilities, or trade secret information except for those inventions that either: (1) Relate at the time of conception or reduction to practice of the invention to the employer's business, or actual or demonstrably anticipated research or development of the employer; or (2) Result from any work performed by the employee for the employer. (b) To the extent a provision in an employment agreement purports to require an employee to assign an invention otherwise excluded from being required to be assigned under subdivision (a), the provision is against the public policy of this state and is unenforceable. In any suit or action arising under this law, the burden of proof shall be on the individual claiming the benefits of its provisions.

Insurance Coverage Types for UCLA Volunteers

UCLA offers two types of insurance to cover eligible volunteers:

- General Liability
- Worker's Compensation

Each is described below as it relates to volunteers. For more general information on these topics, refer to 'Insurance at UCLA.'

General Liability

Qualified volunteers may be covered by the University's self-insured General Liability Program, BUS 81, when the volunteer is acting within the course of the scope of his/her duties and is acting and under the direct supervision of a University employee. Please reference Section D of the UCLA Administrative Guidelines for the Use of Volunteers.

The determination about whether a volunteer is covered under BUS 81 is made only after a claim is made or a lawsuit is filed.

Workers' Compensation

Qualified volunteers who complete the 'UCLA Volunteer Election of Workers' Compensation Coverage Form' prior to injury are covered by the University's self-insured Workers' Compensation program for injuries they receive in the course and scope of performing University volunteer service.

The department where the volunteer performs services must retain the original Election form for at least eighteen (18) months after the volunteer's service ends (If the volunteer is a MINOR, the form should be kept for at least two (2) years after the minor's 18th birthday). A copy of the Election form must be filed with the Workers' Compensation Manager in Insurance and Risk Management (IRM).

FACTS ABOUT WORKERS' COMPENSATION

The content of this pamphlet has been approved by the Administrative Director of the Division of Workers' Compensation.

The information in this pamphlet is available in Spanish. To obtain a copy, please call: UCLA Workers' Compensation 310 794-6948.
La información en este folleto esta traducido al español. Para conseguir una copia, favor de llamar: UCLA Workers' Compensation 310 794-6948.

WHAT IT IS
Since 1913, California Workers' Compensation law has guaranteed prompt, automatic benefits to workers who become injured or ill because of their jobs. It is mandatory no-fault insurance, paid for entirely by your employer, that pays your medical expenses and helps replace lost wages when you are disabled from work because of a work-related injury or illness.

WHO IT COVERS
All UCLA employees and registered volunteers are covered for Workers' Compensation.

WHAT IT COVERS
Almost any job-related injury or illness is covered. Simple first-aid incidents and serious accidents are both covered. Physical and psychological injuries incurred by victims of violent workplace crime are covered. There are a few injuries that may not be covered depending on how they occur; for instance, injuries that result from voluntary, off-duty recreational, social, or athletic activities are not covered. If you wish more information on the types of injuries not covered by workers' compensation, contact the UCLA Workers' Compensation Office at 310 794-6948.

HOW TO REPORT AN INJURY
Immediately report to your supervisor any injury, no matter how slight. You can also report your injury to UCLA WC at 310 794-6948. If your injury is more than a simple first-aid case, your Human Resource office will give you a Claim Form (DWC 1), with instructions to complete the form and return it. You can also obtain a claim form on the UCLA WC web site at: http://www.oirm.ucla.edu/DWCForm1.pdf or you can call UCLA WC at 310 794-6948 and request that a claim form be mailed to you.

State law requires employers to authorize medical treatment within one working day of receiving the completed claim form from you. If you delay reporting your injury or delay completing the claim form, it may result in a delay in receiving benefits; and too long a delay may even jeopardize your right to obtain benefits altogether.

Work Injury Reporting Hotline 877 682-7778

Supervisors, managers, and staff can now call a toll-free number to report any injury. This service is available 24 hours a day, seven days a week. Employees should continue to promptly inform their supervisor if they have been injured, and, in an emergency, urgent medical care should be sought immediately.

NON-DISCRIMINATION
It is illegal for your employer to fire you or in any way discriminate against you because you file a claim, intend to file a claim, settle a claim, testify or intend to testify for another injured worker. If it is found that UCLA discriminated, UCLA may be ordered to reinstate you to your job, reimburse you for lost wages and employment benefits, and pay increased workers' compensation benefits, costs and expenses up to maximum amounts set by state law.

BENEFITS

Medical Care
Your claims administrator will pay all reasonable and necessary medical care for your work injury or illness. Medical benefits may include treatment by your doctor, hospital services, physical therapy, lab tests, x-rays, and medicines. Your claims administrator will pay the costs directly, so you should never see a bill. For injuries occurring on or after 1/1/04, there is a limit on some medical services.

How to Obtain Medical Care

FIRST AID:
Seek first-aid immediately.

EMERGENCY CARE:
Get help immediately. See the emergency telephone numbers in this pamphlet, which should also be posted in your workplace. Call an ambulance or go to the nearest emergency room.

ACUTE AND FOLLOW-UP CARE:

A. If you predesignated your personal M.D. or D.O. (see form in this pamphlet):
Contact your physician as soon as possible and make arrangements for treatment.

B. If you did not predesignate your personal M.D. or D.O.: Call UCLA WC at 310-794 6948 as soon as possible to help you make arrangements for treatment.

Temporary Disability Payments
If you are disabled for more than three (3) calendar days, temporary disability payments will partially replace your lost wages. The first three calendar days are not paid unless you are disabled for more than 14 days, or are hospitalized overnight. You should receive your first payment within two weeks of reporting your injury. Every two weeks after that, you will receive another payment.

Temporary Disability pays two-thirds of your average wage, subject to minimum and maximum amounts set by state law. The payments are tax-free and there are no deductions.

TD payments stop when your doctor says you can return to work, or your condition has become Permanent and Stationary (your medical recovery has reached maximum foreseeable improvement). Also, for injuries occurring on or after April 19, 2004, TD payments stop after 104 payable weeks within two years from the date of the first TD payment; or after 240 payable weeks within five years from the date of injury for specific long-term conditions such as amputations, severe burns, and certain chronic diseases.

Permanent Disability Payments
If a doctor says your injury or illness will always leave you somewhat limited in your ability to work, you may be eligible for permanent disability payments. The amount will depend on the type of injury, your age, occupation, date of injury, and how much of the permanent disability was caused by the work injury. There are minimum and maximum amounts set by state law. Payments are made at a regular rate and are spread out over a fixed number of weeks until the total amount has been paid. If you received temporary disability payments, the first permanent disability payment is due within 14 days after the TD payments stopped. If you did not receive TD payments (many people with permanent disability keep working), the first permanent disability payment is due within 14 days after your doctor says your condition is permanent and stationary (your medical recovery has reached maximum foreseeable improvement). Subsequent payments are made every 14 days until the total amount is paid.

Death Benefits
If the injury or illness causes death, payments may be made to relatives or household members who are financially dependent on you. The amount is set by state law and depends on the number of your financial dependents. Payments are made at the same rate as temporary disability. A burial allowance is also provided.

Supplemental Job Displacement Benefits
If you have permanent disability and you do not return to work within 60 days after your temporary disability ends, and the University does not offer modified or alternative work, you may qualify for a non-transferable voucher payable to a school for retraining and/or skill enhancement. If you qualify, the claims administrator will pay the costs up to the maximum set by state law based on your percentage of permanent disability. SJDB is a benefit for injuries occurring on or after 1/1/04.

If Benefits Are Denied
You have the right to disagree with any decision affecting your claim. Call your claims administrator first to see if you can resolve any disagreement. For free assistance, you can contact an Information and Assistance officer at the Division of Workers' Compensation (see the section of this pamphlet captioned "If You Have Other Questions"). You can also file with the Workers' Compensation Appeals Board (WCAB). There are deadlines for filing the necessary WCAB paperwork, so you should not delay. You can also consult with an attorney. Most attorneys offer one free consultation. If you decide to hire an attorney, his or her fee will be taken out of your benefits. For names of W/C attorneys, call the State Bar of California at (415) 538-2120 or go to their web site at www.californiaspecialist.org.

YOUR TREATING PHYSICIAN

Quality medical care is crucial to making the best recovery from your work injury or illness.

Primary Treating Physician (PTP)
Your primary treating physician (PTP) is the doctor with overall responsibility for treating your work injury or illness and for coordinating care with other providers. The PTP decides what type of medical care you need; whether there are temporary or permanent medical limitations or restrictions on your ability to perform work; and when you are able to return to work.

If the injury results in some degree of permanent disability, the PTP will measure the disability and report the findings to your claims administrator. The PTP will also report whether you will need medical care in the future. As part of your Workers' Compensation benefits, the University will provide you with a PTP.

Personal Physician (M.D. or D.O.)
If you have a personal M.D. or D.O. and you wish to designate this physician to be your PTP, you must do so in writing before the injury occurs. In addition, before the injury occurs, the physician must agree to treat you for a work related injury or illness.

One-Time Right to Change PTP
You have the right to change your PTP one time. You can request this change at any time.

Change of PTP: First 30 Days
If you make your request to change PTP during the first 30 days after reporting your injury, you can change to your personal chiropractor or acupuncturist if you have predesignated this physician.

Change of PTP: After 30 Days
If you have not already used your one-time change of PTP, then thirty (30) days after reporting your injury, you may change to the PTP of your own choice. This can be your personal M.D. or D.O., your personal chiropractor, personal acupuncturist, or any physician of your choice within a reasonable geographic area.

Medical Provider Network (MPN)
Employers may offer an Medical Provider Network (MPN), which is a selected network of health care providers to provide treatment to workers injured on the job. If the employer is using an MPN, a MPN notice is required to be posted in the worksite to explain how to use an MPN. **UCLA is not using an MPN**.

WORKERS' COMPENSATION FRAUD IS A FELONY
Anyone who makes or causes to be made any knowingly false or fraudulent material statement for the purpose of obtaining or denying workers' compensation benefits or payments is guilty of a felony.

PHYSICIAN PREDESIGNATION FORM

In the event you sustain an injury/illness related to your employment, you may be treated for such injury/illn3ess by your personal medical doctor (M.D.), doctor of osteopathic medicine (D.O.), medical group, chiropractor (D.C.) or acupuncturist (L.A.C.) if:

Your personal medical physician (M.D. or D.O.) chiropractor (D.C.) or acupuncturist (L.A.C.)

- Is your regular treatment provider
- Has directed your treatment in the past
- Retains your treatment records and history
- Prior to the injury your doctor agrees to treat you for work injuries or illnesses
- Prior to the injury you give your employer the name and address of your personal physician in writing before the injury, then
- You can treat with your personal M.D. or D.O. immediately after the injury.
- You can change to your personal D.C. or L.A.C. if you exercise your right to one change of treating physician.

Your personal M.D. or D.O. must agree to treat you for work injuries or illnesses before one occurs.
